COSMO Success by Design Foundation Exam

Master the Foundations of COSMO Success by Design

This document certifies that Shayan Sabzevarzadeh has successfully completed the training.

Conducted from 10/26/26 to 10/26/26.

This certifies mastery of the COSMO Success by Design Foundation methodology across all phases: Strategize, Initiate & Scoping, Build & Implement, Prepare, Operate and Maintain & Grow.

The holder demonstrates the ability to apply phase-specific roles, deliverables, governance gates, and quality criteria to lead customer engagements from opportunity to sustained operations. Core skills covered: structured discovery & scoping, solution and architecture design, implementation governance, cutover & go-live readiness, and value realization in hyperscale ERP/CRM projects.

Provided by the COSMO New Way of Work Team
